

**Be the best you can be!**

7<sup>th</sup> June 2023

Dear Parents and Carers

As a part of your child's education at Bush Hill Park, we promote personal wellbeing, development and scientific understanding.

Science is a curriculum subject that gives children the knowledge, understanding, attitudes and practical skills to live safe, healthy, knowledgeable and productive lives.

I am writing to let you know that, over the next term, starting Tuesday 13<sup>th</sup> June, your child's class will be taking part in lessons which will focus on growth and changes; this will involve looking at the scientific (biological) changes to the human body. Furthermore, we will be covering the topic of puberty and the resulting changes that occur.

The Science Curriculum is statutory for all schools to deliver, the document can be found here:

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/425618/PRIMARY\\_national\\_curriculum\\_-\\_Science.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/425618/PRIMARY_national_curriculum_-_Science.pdf)

Pupils will have opportunities to ask questions freely, or in private if they feel more comfortable doing it that way. The lessons will be based on scientific fact and knowledge.

Please visit the school's website: [www.bushhillpark.enfield.sch.uk](http://www.bushhillpark.enfield.sch.uk) for more details about our Science/ SRE curriculum. All Science teaching will take place in a safe learning environment and is underpinned by our school ethos and values.

As a school community, we are committed to working in partnership with parents.

If you would like to find out more or discuss any concerns, please do not hesitate to contact me via the school office.

Yours sincerely

Mr Crook  
Deputy Headteacher
